PRELIMINARY AMENDMENT

Commissioner of Patents  
Washington, D.C. 20231

Sir:

Prior to examination of the above-identified application on the merits,  
please amend the application as follows:

IN THE CLAIMS

Please amend claims 1 and 11 as follows:

1. (Amended) A projection type display apparatus comprising:
- a first projection optical system for obliquely projecting light from an original picture onto a predetermined surface, said first projection optical system forming the intermediate image of the original picture on or near said predetermined surface;
  - a second projection optical system for obliquely projecting the light from said predetermined surface onto a surface for projection and imaging it thereon;
  - light deflecting means disposed between said first projection optical system and said second projection optical system for deflecting the light emerging from said first projection optical system;
